Goal:

Students are taught in the classroom and in the vehicle by New York State accredited teachers licensed to provide a comprehensive introduction to their driving experience. The primary goal is to teach the safe, efficient operation of a motor vehicle and to develop the proper habits and attitudes needed for defensive driving. Besides the course hours, additional practice is highly recommended in order to bring a new driver to higher levels of driving performance.

Upon Completion:

Students who successfully complete the course will receive a student certificate of completion (MV-285) which includes an insurance premium reduction certificate. After receiving the MV-285 and passing the road test, a 17 year old is eligible for a full, New York State senior license. A 16 year old is issued a junior license with restrictions, which automatically turns into a senior license on their 17th birthday. Without completion of a driver education program, a New York State senior license is not issued until the age of 18.

Eligibility:

Students must be 16 by February 10th, 2018 for the spring semester. All registered students must secure a NYS Learner's Permit or non-Driver ID card by April 12th, 2018. Please note that if a NYS Learner's Permit or on-Driver ID card is not secured by provided date, the student will not be issued a certificate of completion (MV-285).
